

Firey Trails has hosted a variety of events over the years. While weddings are not our specialty or a typical event, we have hosted several at our venue. All of the weddings have been unique and creative (thanks to sites like Pinterest) with very positive feedback. We do not have special décor, nor do we have designated dressing quarters, but we do offer a scenic outdoor (or indoor) setting for that special day. If you are interested in a simple country “low frills” wedding, this might be an ideal option. Below is our wedding rate chart.
